RE: State Forestry Division, Chama Well, File Number RG-51679

Dear Mr. Daugherty,

Thank you for your recent correspondence and copies from your files. After some review, we found that we already had a record of the well that the State Forestry Office in Chama is using. Our file number for that well is RG-51679, and our files reflect that it was declared by Frank and Natividad Chavez on November 22, 1989. The well is classified as a domestic well and is already permitted for maximum usage of 3.0 acre-feet per annum.

No further action is necessary at this time, it was a pleasure talking to you on the phone. If you have any other questions do not hesitate to call me at 827-6129.

Sincerely,

A handwritten signature in black ink, appearing to read "SM Wells".
